

Att D O/S 58-3711

10 JUN
1958

MEMORANDUM FOR: Chief, Far East Division

SUBJECT: Reorganization and Reduction of [REDACTED] Station

25X1A6a

1. The attached study represents the best estimate as to the course of retrenchment that can be undertaken by the [REDACTED] Station during the next twelve months. I would say that given a 90-day period in which further to consider certain of these details, we should be able to establish this estimate, with possible slight modifications either up or down, as a firm program and goal to be accomplished by 30 June 1959.

2. Within the framework of this study, therefore, and assuming your approval, it is requested that you obtain the approval of the Chief of Operations, the Deputy Director (Plans), and the Deputy Director (Support) to my implementing this plan. In all of my discussions with these officials, it has been my understanding that they are in complete agreement with both the end objective and the procedural provision that the implementing details will be a matter for my on-the-scene judgment and decision.
